### Physiotherapy Associates to open at Auburn Pointe

UPDATED — [Physiotherapy Associates](#), which has more than 650 sites nationally, is coming to Wichita for the first time in early September.

The Pennsylvania-based company is taking 2,000 square feet at [Occidental Management's Auburn Pointe](#) development at 135th West and Maple.

Occidental's **Chad Stafford** and **Bree Kelley** handled the deal. **Bradley** and **Brandon Tidemann** of [J.P. Weigand & Co.](#) represented Physiotherapy Associates.

The company provides outpatient physical therapy and has an orthotics and prosthetics division as well.

Initially, the clinic will have a physical therapist and an athletic trainer.

Physiotherapy Associates also is looking to add two more clinics in the Wichita area.

Stafford, Occidental's president, says another restaurant is in the works for Auburn Pointe, where [Great Wall](#), [Scooter's Coffeehouse](#) and [Subway](#) already are and [Papa Murphy's](#) is coming.

That leaves only one space left to lease at the 5-year-old, 36,540-square-foot center.
